

## **Aptar Pharma to Exhibit Innovative Drug Delivery Devices at Pharmapack 2018 in Paris, France**

Crystal Lake, Illinois, December 21, 2017

Aptar Pharma, a leading drug delivery systems provider, will once again be a key exhibitor at Pharmapack 2018, Europe's dedicated pharmaceutical packaging and drug delivery event, which takes place on February 7-8 at Paris Expo, Porte de Versailles, France.

Aptar Pharma's booth, located at Hall 7.1, Booth B24/B26, will present their diverse portfolio of drug delivery solutions and will showcase their latest technology innovations. A dedicated connectivity hub will center on the field of connected healthcare solutions, a significant megatrend, which can greatly improve patient behavior and adherence.

Pharmapack provides invaluable insight into the latest trends, developments and regulatory changes impacting the industry, as well as a wide variety of learning opportunities. This year, three of Aptar Pharma's experts have been selected to share their specialist knowledge during Pharmapack.

Gerallt Williams, Director - Scientific Affairs at Aptar Pharma, will present *Opportunities and Challenges of Drug Delivery Via the Nasal Route*, on February 8 at 10.00 am in Conference Room 741. Dr. Williams' talk is part of Conference Session 3: *How will New Drug Delivery Solutions Revolutionize Patient Life and Improve Treatment Adherence?*

Arnaud Fournier, Senior Business Project Manager – Injectables will present a Learning Lab on February 7 at 11.30 am at Booth H2. His talk, *Setting the Standard for Film Coated Stoppers with an Unrivalled Reduction in Particulates* will discuss injectable drug trends given today's stricter regulatory requirements. With more sensitive drugs being developed, Mr. Fournier will share insight into the need for tighter quality standards and coated packaging solutions such as Aptar Pharma's PremiumCoat™ coated stopper, which offers an unrivalled reduction in particulates.

Sai Shankar, Director Business Development – Connected Devices, will present a Learning Lab entitled *Driving Better Patient Outcomes with Connectivity* on February 7 at 15.50 at Booth H2. Mr. Shankar will discuss how patient behavior can be changed through connective, intuitive, user-friendly devices, which can significantly increase does adherence and improve patient health outcomes. He will also feature Aptar Pharma's connected device portfolio which covers Application Fields such as Respiratory and Eye Care.

Aptar Pharma will also be a selected exhibitor on Pharmapack's guided Innovation Tours on Thursday, February 8, at 10.30am at the Innovation Gallery. The Innovation Tours take visitors on a tour of highlighted exhibitors who have made innovative strides in the industry.

# Press Release

Visit Aptar Pharma during Pharmapack at Hall 7.1, Booth B24/B26, where their team of experts look forward to welcoming their valued customers and partners from around the world and to exchange with key opinion leaders in the industry.

With over 400 exhibitors and more than 5,000 Pharma & drug delivery professionals expected to attend Pharmapack this year, Aptar Pharma welcomes the opportunity to once again be a part of this important industry event.
